

residential

project name

Residential Building Concord Street, Leeds

project value

£13 million

description

Located in the up and coming northern quarter of Leeds, Concord Street consists of 171 apartments spread over 7 storeys each with its own vibrantly coloured glass balcony. The difficult narrow sloping site lead to the current design for two rows of modern apartments facing each over a carefully cobbled and landscaped street below. The scheme comprises of a number of studios, one and two bedroom apartments, generous roof top penthouses and unique live/work duplex units, with secure basement car parking.

client

City Wall Corporation

main contractor

Barr Construction Ltd
